Telephonic Interview

- ❑ Phone interviews are increasingly used in mass hiring.
- ❑ Many interviewers schedule phone interviews as an initial screening of potential candidates.
- ❑ This is your first interaction with company.
- ❑ Treat the phone interview just as you would a face-to-face interview. Just because it is over the phone does not mean that you should take it less seriously!
- ❑ Make sure the phone/computer you are using works well. At least, DO NOT answer it during an interview. Plan to sit in a quiet room where you won't get interrupted.
- ❑ Your enthusiasm and happiness will show through in your voice.

8. Lecture by Mr. Milindra Sukhdewe: <https://www.youtube.com/watch?v=OdfyKfhSOms>

English for Competitive Exam (Lecture VIII- Synonyms, Antonyms & One Word Substitution)

Why do We Need One Word Substitution

- ❖ Communication of English language more concise (brief), lucid (clear) and easy
- ❖ remember one word and communicate bigger meanings through simple one word

Ex. She is someone who puts forth an idea which she herself doesn't believe.
She is a Hypocrite.

- ❖ Embellishes (Decorates) the language
- ❖ to understand and grasp the meaning of one word substitution when others use.
- ❖ It also lessens the words, thus saves time and space.
- ❖ It is frequently asked in exams like SSC CGL, NDA, IBPS, UPSC, MBA, bank and insurance exams.
- ❖ A student having a good knowledge of one word substitution can write better Essays and report

Dr. Sanjay Dudhe, Pro Vice Chancellor, RTM Nagpur University, addressing the audience

Day One

The first session was handled by Nikhil Atale, Development consultant, Govt. of Maharashtra & Visiting faculty, RTM Nagpur University & Sant Gadgebaba Amravati University, on 29th July 2022. He had guided research scholars on the topic **‘Research Methodology; Theoretical and Philosophical Base’** where he emphasized on research should be organized and logical. There is no research without a problem so, a research scholar must find the problem in various fields. He said that a research student must put his arguments systematically with valuable resources to prove his opinions. According to him, imagination is the highest point of research, so the power of imagination brings out good research. He also stated that no researcher should consider his research as 100%, because there is nothing which exists as 100%, and no research has taken as 100% truthful research.

He delivered his lecture on **‘Types of Research and Research Design’**, where he explained what is research, and types of research in detail. He spoke the quantitative type of methodological issues and the qualitative type of methodological issues and the advantages and disadvantages of these two methods. He also taught the current trend of using hybrid methodology or mixed methods where we combine these two methods. He traced that finding truth must be a primary motive of a selected research topic. Having explained what a research design is, he further discussed subdivision in the form of Descriptive, Exploratory and Experimental Research Designs. The speaker also explained research design and research-based evidences. He said that the language of research should not be figurative but accurate, exact and clear. He also dealt with the different problem of research scholars while pursuing research and accurately guided them. Participants were also provided with opportunities to respond to each other’s queries. Approaching the literature review

- You are expected to 'place' your research in the existing academic literature.
- Simply describing the literature should be avoided. A **critical and analytical judgement** which demonstrates how/where your work is best placed as well as work that needs developing is essential.
- Your work should **contribute** to existing literature in the field.
- Ensure consideration is given to the methodological and/or theoretical arguments that inform the literature.
- Be aware of how research paradigms influence the research.

Freelancing

- freelancing simply means you offer your unique skill or talent on a pay-for-service basis, outside of a regular employer-employee relationship.
- Freelancing is a **type of self-employment**. Instead of being employed by a company, freelancers tend to work as self-employed, delivering their services on a contract or project basis.
- फ्रीलांसिंगचा सरळ अर्थ असा आहे की तुम्ही नियमित नियोक्ता-कर्मचारी संबंधांच्या बाहेर, सेवेसाठी वेतनाच्या आधारावर तुमचे अद्वितीय कौशल्य किंवा प्रतिभा ऑफर करता.
- फ्रीलान्सिंग हा स्वयंरोजगाराचा एक प्रकार आहे. एखाद्या कंपनीत नोकरी करण्याऐवजी, फ्रीलांसर स्वयंरोजगार म्हणून काम करतात, त्यांच्या सेवा करार किंवा प्रकल्प आधारावर देतात.
